Raina Williams, Senior Regional Manager – Canada, Expedia Group Media Solutions will be speaking on the latest trends and insights from Expedia Group Media Solutions.

John Bennett Herrington, PhD, Commander, USN (Ret), Herrington Aerospace Limited

When astronaut John Herrington made his voyage to space aboard Space Shuttle Endeavour's STS-113 mission, he became the first Native American in space. An enrolled member of the Chickasaw Nation, Herrington carried its flag on his 13-day trip to space, as well as several personal items with him. Among those items was this traditional flute. He was an astronaut at NASA from 1996 – 2005.

Born in Wetumka, Oklahoma, into the Chickasaw Nation. He was selected as an astronaut candidate in 1996, after earning a master of science degree in aeronautical engineering in June 1995.

During his presentation, John will share his experiences in space and other lessons he has learned during this career. John is featured in Brand USA’s movie *Into Nature’s WILD*. Come and meet an astronaut in person.
